North Franklin County Nursing Service

To the Citizens of the Town of Industry:

I submit the report of the North Franklin County Nursing Service from January 1, 1941, to December 31, 1941.

Visits were made to the homes of one mother, ten infants and ten preschool children in the interest of general health. Two visits were made in the interest of crippled children's cases, three in follow-up of a Tuberculosis case and two to the homes of individuals who were ill.

The nurse's inspections were carried out in the three schools. Forty-six children were seen. Records were completed. Reports were prepared and sent to the parents. Three conferences were held with the teachers in reference to the defects found. Plans were made and five children were given dental corrections.

As a result of nurse's inspections in the schools, the defects were evaluated and united effort was made to increase the number of corrections and, it is felt, this has been accomplished. The nurse worked in close cooperation with your teachers who were most helpful in stressing the needs for corrections.

Your County is fortunate in having the facilities of the dental clinics made possible by the local dentists and Hospital. The public health nurses of the Hospital area are given the opportunity to admit school children who otherwise might not have the opportunity to visit the dentists. Each month the Hospital maintains the services of Crippled children's clinics with an Orthopedic Surgeon in charge to which we may direct any individuals who appear to have any deforming conditions if their family physicians desire these services. Each month a chest clinic, sponsored by the Bureau of Health, is held at the Hospital so that Tuberculosis cases and their contacts may be followed-up.

Reference was made in the 1940 report to the fact that the nurse would endeavor to increase her visits to the homes of mothers, infants, and preschool children for the purpose of discussing general health habits of living. This was done. Literature was given the mothers and discussions were carried out in reference to diet, rest, fresh air, health habits and child training.

As an educational feature of this Service, each year the Maine Public Health Association provides us with literature, posters, movie

films and milk bottle caps carrying the Early Diagnosis Campaign Slogan. These were delivered early in April to schools, industries, stores, business establishments and dairies.

As has been the custom for a number of years, space was allotted the County nurses at the Franklin County Fair grounds. Literature pertaining to all phases of health was available upon request, posters were displayed, and the most recent films were shown in reference to Tuberculosis, Cancer, and Syphilis. It was felt that a gratifying number of people saw these pictures and requested literature.

A group talk on Mental Hygiene was given to the Farm Bureau.

In summarizing the Year's program, the nurse finds that the home visits to mothers and infants, to preschool and school ages and all groups have been invaluable. She found that through these visits, she has been able to inform the public as to her functions, to explain the meaning of findings of defects and so often to help direct the individuals toward the means of corrections.

Through these visits she has been able to overcome the belief that the public health nurse works only with indigent cases. She finds people are most interested to learn that the objective of the Service is to aid in maintaining the best public health and to suggest measures toward the best healthful living to find symptoms of defects and help plan for corrections and to urge measures such as protective treatments to prevent certain diseases.

In the Allens Mills school one pupil qualified for the Seven Point Pin and Certificate, and in the Goodridge Corner school 8 children received the award, and the school received a 50% Dental Certificate. The Allens Mills school received a Certificate of Achievement.

Never before have we been so aware of the need for the best we can maintain in health. We are concerned with the fact that not only do we need the best we have in physique for fighting men in this war, but we must endeavor to attain the best possible physical health for our future generation. That future generation depends so much upon the best possible public health measures carried out now.

The Nurse wishes to take this opportunity to express her appreciation to the citizens who have participated in the health activities.

Respectfully submitted,

NORTH FRANKLIN COUNTY NURSING SERVICE,

By RUBY G. BENNETT, R. N.

Public Health Nurse.

May 8, 1941

To the Inhabitants of the Town of Industry:

In accordance with your request this department, represented by Mr. E. H. Shute, has completed an examination of the accounts of your town officials for the municipal year ended February 1, 1941.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date; subject however to a probable shrinkage in final settlement of unpaid tax liens and tax deeds.

The data obtained by us is summarized in the following:

	Comments
Exhibit A	Comparative Balance Sheet
B	Report of Treasurer
C	1940 Valuation and Commitment
D	Statement of Appropriation Accounts
Schedule 1	Reconciliation of Treasurer's Cash Balance
2	Uncollected 1940 Taxes
3	Tax Liens
4	Tax Deeds
5	Cemetery Trust Funds
6	Interest Bearing Orders
7	Note Payable
8	Analysis of Change in Surplus

Respectfully submitted,

STATE DEPARTMENT OF AUDIT,

HAROLD E. CRAWFORD,

Municipal Auditor.

COMMENTS

Cash:

All cash recorded as received was accounted for and deposited in the bank.

Payments were made by check from authorized warrants.

The cash balance was reconciled with the bank. An over-deposit of \$10.20 was found for which a receipt has been written and the credit recorded as 1941|42 business.

Taxes:

The 1940 tax commitment was added and found to agree with the records of the Assessors. The commitment was accounted for by cash, authorized abatements, or is still unpaid as shown on Schedule 2. All poll and personal taxes for prior years have been settled.

Tax Liens and Tax Deeds:

The tax liens and deeds on hand were checked and are listed on Schedules 3 and 4.

Trust Funds:

The trust fund investments were checked and are shown on Schedule 5.

General:

An examination was made of paid bills on file, and as far as our examination went, they appeared to be proper charges and correctly recorded. However, many payments were made for which no supporting bills could be found. It would appear that more care should be taken in regard to having all payments supported by bills or payrolls on file. With the exception of cash and trust funds, no external verification was made of any of your asset or liability accounts.

REMARKS

An acute shortage of teachers now exists. Teachers are not leaving school because they wish to, but because they have to. Unless salaries are increased teachers will be forced to leave in much larger numbers next year. The increasing flow of teachers into better paid occupations

threatens the quality of educational opportunity because these teachers cannot be replaced by adequately trained persons. Already standards are being lowered by the granting of "special certificates." Prices are going up and the value of the buyer's dollar is coming down. Now is the time to permit more generous financial support of schools. Incomes in general are rising faster than the cost of living. Property is worth more. Tax delinquency is less. Both the schools and teachers are doing good work. Your Superintendent wishes to thank all who have contributed in any way to the advancement of the schools during the past year. The school budget for 1942-1943 and the financial statement for the present year follow.

Town Warrant

FRANKLIN, ss.

STATE OF MAINE

To B. B. Buzzell, Constable of Industry:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Industry, qualified by law to vote in town affairs, to assemble at the Grange Hall at Allens Mills, in said town, on Monday, the 2nd day of March A. D. 1942, at ten o'clock in the forenoon, to act on the following articles, to wit:

ARTICLE 1

To choose a moderator to preside at said meeting.

ARTICLE 2

To choose a clerk and all necessary Town Officers for the ensuing year.

ARTICLE 3

To see if the Town will vote to raise the sum of \$1,000.00 for repair of summer town roads and bridges.

ARTICLE 4

To see if the Town will vote to raise the sum of \$1,800.00 for support of Poor.

ARTICLE 5

To see if the Town will vote to raise the sum of \$800.00 for winter roads.

ARTICLE 6

To see if the Town will vote to raise the sum of \$450.00 for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

ARTICLE 7

To see if the Town will vote to raise the sum of \$15.00 for care of Cemeteries not cared for by trust funds.

ARTICLE 8

To see if the Town will vote to raise the sum of \$239.00 in accordance with the provisions of Section 5, Chapter 175, Public Laws of 1933, for the maintenance of improved sections of third class roads, or to be used in construction of third class road.

ARTICLE 9

To see what sum of money, if any, the Town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid Road in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

ARTICLE 10

To see if the Town will vote to raise the sum of \$511.80 for the maintenance of State Aid roads within the town for the year ensuing, as provided by Sections 9 to 18, Chapter 130, Public Laws of 1913.

ARTICLE 11

To see what sum of money the Town will vote to raise for the support of Common Schools.

ARTICLE 12

To see what sum of money the Town will vote to raise for the purchase of text books.

ARTICLE 13

To see what sum of money the Town will vote to raise for School Supplies.

ARTICLE 14

To see what sum of money the Town will vote to raise for School Repair.

ARTICLE 15

To see what sum of money the Town will vote to raise to pay tuition of pupils who attend High Schools, as provided by Chapter 68, Public Laws of 1903.

North Franklin County Nursing Service

To the Citizens of the Town of Industry:

I submit the report of the North Franklin County Nursing Service from January 1, 1942 to December 31, 1942.

One visit was made to a prenatal case. General health habits and plans were discussed. One visit was made to the physician in reference to this case. Nine home and eight office visits were made to the homes of infants and six to homes of preschool children. General health habits were discussed with their parents. Two home visits were made in the interest of a crippled child. In two visits no one was found at home. Twelve interviews were held with other workers in reference to the work. One talk was given to a group of twelve Farm Bureau women. The topic was "Mental Hygiene."

Eighteen conferences were held with the teachers of the three schools in reference to defects and corrections. Eighteen visits were made to the homes of school children. Defects were discussed and the parents were urged to consult their doctors, dentists, and oculists.

In the spring the nurse assisted the District Health Office at an immunization clinic held at each school. Thirty-four were vaccinated against smallpox, three preschool and twenty-three school children and adults received inoculations against diphtheria.

The dental clinics at the Hospital have been postponed for the duration. The Hospital in conjunction with the State Bureau of Health, maintains the facilities of a chest clinic to which family doctors may direct patients who manifest symptoms of tuberculosis or who are contacts and actual cases. In a similar manner an orthopedic clinic is held. Children and adults who manifest signs of deforming conditions may be seen by an orthopedic surgeon upon the request of the family doctor.

Each year an educational program is sponsored by the Maine Public Health Association during the month of April. This year we received educational literature, posters, and movie films. Literature and posters were distributed in Avon. This material pertains to the value of the Early Diagnosis of Tuberculosis and its treatment and care.

Again, this year, the North and South Franklin County Nursing Services were allotted space at the County Fairgrounds. The most recent films were chosen in reference to Tuberculosis, dental care, nutrition, and syphilis. Literature pertaining to all phases of health was distributed upon request. Greater interest was shown in the films and literature this year.

In summary the Nursing Service has been affected by the war effort in that clinic facilities have been lessened, and, due to tire conservation, visits have been lessened. Yet, the need for Public Health Education is ever increasing. With this thought in mind, the Nursing Service will strive to reach and inform the public in the best possible healthful living. This is the role it plays toward fortifying the Home Front where our right for such a liberty is being fought at the Battle Front.

The Nurse wishes to take this opportunity to express her appreciation to all citizens who have participated in the health activities.

Respectfully submitted,

North Franklin County Nursing Service,

By RUBY G. BENNETT, R. N.,

Public Health Nurse.

COMMENTS

CASH:

All cash recorded as received was properly accounted for, as summarized on Exhibit B.

Expenditures were made by check from properly authorized warrants, as summarized on Exhibits B and D.

The cash balance was reconciled with the bank as per detail on Schedule 1.

TAXES:

The 1941 tax commitment was added and found to agree with the Assessors' records. The total commitment was accounted for by cash and abatements, or was still unpaid as shown by Schedule 2.

The excise tax receipts were added and, according to the records, all cash received had been properly deposited with the Treasurer as shown by Schedule 8.

TAX LIENS AND DEEDS:

All tax liens and deeds on file were checked for payments, and those still unpaid, according to the records, are shown by Schedules 3 and 4.

TRUST FUNDS:

An examination was made of the savings pass books covering trust fund investments, and the detail is shown by Schedule 5. It appeared that all income had been properly accounted for.

GENERAL:

A test-check was made of paid bills and payrolls, and as far as our examination went, all appeared to be proper charges and correctly recorded.

With the exception of cash and trust funds, no external verification was made of your asset or liability accounts.

REMARKS

The teaching situation is critical. If the war continues many schools will be closed next year. With teachers under the contributory pension law and paying Victory taxes, it stands to reason salaries must be raised. We cannot afford to lose any of our teachers at the present time.

To all the teachers who co-operated with me on the sugar and gasoline rationing of last spring I extend my heartfelt thanks. These are strenuous times for both teachers and superintendents.

Again, I wish to thank all who have contributed in any way to the advancement of the schools during the past year. The school budget for 1943-1944 and the Financial Statement for the present year follow.
